

**The Cultural Collaborative:  
A Community Plan for San Antonio's Creative Economy**

The Cultural Collaborative (TCC) is a community partnership to enhance San Antonio's art and cultural resources and position our city for greater economic investment. As a community-driven exchange of ideas and proposals for the future of San Antonio's creative economy, TCC wants to hear from YOU! TCC focuses on the issues of arts in education, cultural infrastructure, civic aesthetics/public art, creative individuals and resources, neighborhood revitalization, and tourism, supported throughout by advocacy and outreach. So come and join your neighbors at the community forums listed below to help design solutions that will shape San Antonio.

"...creativity is the driving force of economic growth...."
